

SUPPORTED HARDWARE

Bookmanager does not require dedicated hardware, but there are brands and models that are guaranteed to work with the software. If you have existing hardware, please contact us first to see if it can be integrated and made to work with the software. *Prices in Canadian dollars.*

RECOMMENDED (LATEST MODELS)

POSSIBLY COMPATIBLE

***** No guarantees on integration with Bookmanager *****
(never stocked by Bookmanager, but have been made to work)

SCANNERS

Most laser barcode scanners can be programmed to work with Bookmanager. The programming of unsupported scanners is up to the user. Scanners must output the following:

~[product number]

That is a tilde (~) plus the product number plus a return character.

RECEIPT PRINTERS

Star TSP100 Series Thermal Receipt Printers

Epson TM Series Thermal Receipt Printers

WHERE TO BUY

Hardware can be ordered directly from Bookmanager. Please contact Bookmanager support mail@bookmanager.com or **(250) 763-4415** to place orders. Hardware is tested and shipped from the Bookmanager office.
